## Home Of The Free And The Brave

Story by Kamree Morgan and Marley Kierstead

Veteran's Day in the United States annually falls on November 11<sup>th</sup>. This day is the anniversary of the signing that ended World War 1. We are thankful for the services of these men and women on Veteran's day to keep us safe.

For all of our war troubles throughout history, we have depended on our soldiers to keep our country safe and free.

The men who came to our school and presented

## Who hears the Whos?

Story by; Laine Norman and Anason Butler

The *Seussical* play was fun, and filled with excitement. This year's play was about Horton, the elephant, who was made fun of for claiming that he heard people on a dust speck and a sassy kangaroo who wants to boil the speck so Horton doesn't cause a ruckus.

The cast chosen for this year's play was absolutely phenomenal. First of all, there was the main character, Horton, the elephant who is played by the one and only Karsen Kincaid. He said he liked to play this character because he "likes to sing." He has been in one other play, *Snow White*. Karsen's favorite scene is when he hears the Who and gets the clover

Then there's the famous Cat in the Hat played by Kaden Erickson. He liked his character because, "the Cat is playful and funny with a creative imagination." He played in another play in grade school called *The Monster Mash*. His favorite scene is when Jojo is sad because she got suspended and then he comes in and cheers her up.

Finally, the mayor's daughter, JoJo, is played by the amazingly talented Allee Schulze. She loves to be this character because "She is creative, and she is sweet with a great personality".

were Sid Bodily, Norman Nelson, Ray Woder, J George Page.

We should honor our Veterans because they risk their lives so we Americans can live in a better country.

## COCO

Story by Denver Reese

*Coco* was based off the idea of a Mexican holiday created to celebrate the Day of the Dead. Some people believe that the dead people come to our world one day a year. *Coco* is rated PG, and the creators say it is a good movie for kids.

It is made for entertainment but it could teach kids what the Mexican holiday is all about and why they celebrate it. This Mexican holiday has helped kids learn to respect your elders, and could soon be a very popular Pixar film.

*Coco* comes out on November 22, 2017. It

appears in Walker Cinema in Ogden, Logan, and Brigham.

Many people have watched the trailer, and 92% of the people liked the trailer.

Go see *Coco* and enjoy learning about another country's tradition.

## NFL Facts

Story by Tanner Doucette

The National Football League is a professional American football league consisting of 32 teams, divided equally between the National Football Conference and the American Football Conference.

Picture from [www.sbnation.com](http://www.sbnation.com)

The NFL is one of the four major professional sports leagues in North America and the highest professional level of American football in the world.

The NFL's 17-week regular season runs from early September to late December, with each team playing 16 games and having one bye week.

Following the conclusion of the regular season, six teams from each conference (four division winners and two wild card teams) advance to the playoffs, a single-elimination tournament culminating in the Super Bowl, which is usually held in the first Sunday in February, and is played between the champions of the NFC and AFC.

Congrats to the winners, Gracie Riley and Amirah Hunt, for finding the pumpkins hidden around the school.

## Hey, Hey, Hey! Astros All the Way!!

Story by Kate Dahle

The Houston Astros won the 2017 World Series against the Los Angeles Dodgers in Los Angeles! The score to the game was 5-1. The Houston Astros are first-time world champions, and they made quite a dent in the record books. Houston snapped a title drought that stretched 55 years, or the entirety of their history.

Houston is the fourth team in the 100-year plus year history of the World Series to lose 100 games and then win a World Series within five years.

One person on the Astros team that has GRIT is Evan Gattis. Evan Gattis is the catcher. He has battled homelessness and mental illness. He has had many curve balls thrown at him, but this one is a grand slam to win the World Series.

# Happy Birthday Mickey

Story by Tabitha Hanson and Tassie Hatch

Image from <https://encrypted>

November 18th is Mickey Mouse's 88th birthday and Disney Parks will celebrate his birthday with buttons, merchandise, and a sorcerer Mickey cake. At Disneyland Resort, people can sing "Happy Birthday", in a special pre-parade moment before enjoying "A Christmas Fantasy" Parade on Main Street.

Mickey Mouse was created by Ub Iwerks and Walt Disney. They were creating characters and came up with a mouse named Mortimer mouse.

When Walt Disney showed the new character to his wife, Lillian, and told her the name of the character, her first response was, "too depressing." She convinced him to change Mortimer Mouse into Mickey Mouse. Then Mortimer became Mickey's arch nemesis.

In celebration of Mickey's birthday, here is a fun facts that many may not know. Walt Disney was actually afraid of mice, which is called musophobia.

If anyone wants to join in the celebration, go on twitter and use the hashtag #HappyBithdayMickey.

# Shop Till You Drop

Article by Livie Southern and Kloee Stokes

The history of Black Friday started much earlier than people think. The day after Thanksgiving has been the unofficial beginning of the Christmas season since the late 19th century. It wasn't called Black Friday then. It was called a Boom-and-Bust. Boom-and-Bust is always the most exciting time for the season for crazy shopaholics.

Now Back Friday is sweeping the nation. It is known to be the most popular shopping time of the year! 151 MILLION people go shopping on Black Friday. Over 5 million people camp out on the streets around the stores.

The deals are incredible. Surveys say the average person spends \$299.60 each in various stores on Black Friday sales!

Around 60 stores will be closed on Thanksgiving due to the shoppers camping out the night before Black Friday. It is crazy to see how many people are going to camp outside stores to get in first to get the best deals.

10 deaths and 105 injuries have been caused during Black Friday due to the angry shoppers. Remember to be safe on Black Friday and have fun!

# iPhone of the Future

Article by Kache Johnson and Chase Orton

Image From <https://pixabay.com/en/iphone-iphone-x-mockup-mobile-2854305/>

The iPhone X is the newest Iphone to the Apple's family of smartphones. The Iphone X is all screen from side to side and top to bottom. This is Apple's first iPhone that has an all glass surface.

iPhoneX is dust and water resistant. The screen is a 5.8 inches, and it takes up the entire front of the screen and the camera is true depth. The camera on the back is just like the one on the Iphone 7 but the camera is vertical and has a LED flash.

The front camera is also used to unlock the phone with Face ID. The home button is on the inside of the phone. The home button is not in the place it used to be and is now at the bottom of the app.

iPhoneX is the most high tech phone Apple has made yet but it was hard to make because of the screen. If anyone is interested in the iphoneX, go to the link: <https://pixabay.com/en/iphone-iphone-x-mockup-mobile-2854305/>

## Triple Talent Brilee

Story by: Denver Reese

Picture by: Brogen Hall

Brilee McFarlane is a 6th grade girl. She loves to sing. She takes singing lessons and she has 6th hour choir. Brilee said that she and her mother like to sing to each other. Her favorite song is "Over the Rainbow" from the *Wizard of Oz*.

## Mystery Teacher

Story by Maddie Trush

This month's mystery teacher is a 7th grade teacher who is new to our school. This is her first year teaching because she has been a stay at home mom with her five kids.

What she hopes to achieve as being a teacher is to be a mentor or to inspire somebody. She does not care if they do not really like the subject she teaches, but she wants them to have a positive experience in her class.

Another thing that she hopes to achieve is to help them find their full potential or to be better at something. She has never dreamed of having a different job than to be a teacher.

She said that when she grows up that she wants to be a singer.

Brilee also likes to be in pageants and plays. She was in two plays over the summer. The plays she acted in were *Annie* and *The Music Man*.

She is also serving as Miss Utah's Regal Majesty Rising Star on a state level. She will compete in Miss Amazing in April, which is a contest for women and girls with disabilities in the state of Utah. Brilee is a friendly, awesome, nice person that everyone should really get to know.

## The Lego Boy

Story by Jaycee Christensen

Colt Clark loves to play *Lego Star Wars* video games. He enjoys building things, and he can build things on the game. He enjoys how he can figure out puzzles and he thinks that the cut screens are funny. He loves how he can choose his own character and he can choose his own vehicles. He has enjoyed playing video games since he was a little kid. He loves that he can choose different scenes from the movie.

However, he does not only have this Game. He has many other games that have to do with building. He says that one of the games is *Star Wars: Force Awaken*. He also has *Lego Jurassic World*.

Colt is a creative young man here at ACHI. Everyone should try to get to know him.

## Mrs. Miller: Counselor Extraordinaire

Story by Parker Rowan

Mrs.

Miller is one of the faculty members at our school. She is a counselor.

She also helps with the

friendship groups

and she is also a half time school psychologist. Mrs. Miller works with the crisis team for the district.

Mrs. Miller lived in Iowa since she was 6 years old, but then she moved to Tremonton, UT. She has lived in Tremonton for most of her life.

Some of Mrs. Miller's favorite hobbies and things she likes are motorcycle riding and animals. She also likes flowers. She also loves her job being a counselor; she thinks it is a lot of fun.

Mrs. Miller's favorite thing at Alice C. Harris Intermediate is that she really likes being with and around students.

She wanted to be a counselor because she used to be a secretary at a child behavior hospital. At this hospital, the kids would talk with her instead of their counselors. That is where she got her love for counseling and helping kids.

When asked if she liked being a counselor, she said, "I love it."
