Myriam Busby, Parent	
Jenny Murrow, Parent	
Jason Nelson, Parent	x
Emily Wight, Teacher	x
Kim Miller, Counselor	
Teresa Swallow, Teacher	x
Alison Williams, Principal	x

3. School Land Trust Plan

a. Amendment-Sign Document

Alison went through the Plan and got feedback. Jason suggested that all teachers, including core subject area teachers are given time to work on curriculum throughout the school year as well.

- b. **Goals:** The overall percentage of students' growth percentile on the 2018-2019 SAGE Science, LA, Math assessments will increase by 2% over the 2017-2018 SAGE Science, LA, Math percentages.
- c. **Measurements:** Results from on-going common, formative assessments will be reviewed to determine students needing additional or extended learning opportunities. Mastery of essential understandings will be monitored, and if needed, students will be provided with additional targeted interventions. These data points will inform instructors if enough progress toward the goal is being made. Student growth percentile on the 2018-2019 SAGE Science assessment will be used to determine the achievement of the overall goal.
- d. **Action Plan Steps:** Science essential understandings will be assessed through the on-going use of common formative assessments. PLC Team Leaders will deepen their understanding, knowledge, and

application of the PLC process via on-going training, including a Professional Learning Communities trainings with District provided trainers. PLC Teams will use the assessment data to determine students needing additional interventions or extensions. Targeted instruction will be delivered by classroom teachers, the at-risk para professional, and the Science intervention para professional. The intervention/extension coordinator will assist in planning and providing additional learning opportunities for students. Technology (SmartBoards, audio enhancement, Chromebooks) will be used to assist with tier one instruction, interventions, extensions, and assessments. These steps will be repeated throughout the year. Students will be taught how to work in teams, take initiative, problem solve, and increase their abilities to better direct their own learning.

Teacher Enhancement Projects	\$ 4,681.10
Building Lvl Pro Dev	\$ 3,060.00
Trustlands	\$ 79,185.20
Total	\$ 86,926.30
2018-19 Estimation	\$ 86,278.00
Total Remaining	\$ (648.30)
3% possible increase	\$ 2,588.34
Carry Over	

4. New Business

- a. Safety Plan
 - i. Run, Hide, Fight
- b. Build Resiliency
 - i. Hope Squad Assembly
 - ii. Control/No Control

Video of the Run, Hide, Fight was shown and discussion centered on giving students enough information without extra worry by seeing the video. Recommendation of the council was to show a less graphic video and focus on building resilience in our students. The council also approved of the plan for Mrs. Williams and Mr. Jeffs to

attend the Intruder Simulation put on by the Attorney General's office and working with local law enforcement and neighboring administrators for planning safety measures.

- c. Kim Miller-Kim was unable to attend this meeting
 - d. Counseling
5. Other Business

- a. Sign Final Draft of School Land Trust Plan

Alison Williams will send the final copy of the School Land Trust Plan out in an e-mail next week and council member are to look it over and sign either in person or electronically.

- 6. Adjourn

Adjournment was at 3:30 pm

*No Scheduled Meeting-Sign School Land Trust Plan between
March 14th to 15th 2018 at your convenience*
